

This agreement is made and entered into between Megan Burtness, BridleWood Welsh, / Katie Kopensky, Goldtree Ranch, and the "Mare Owner" listed in the contract form. The Mare Owner agrees to breed the mare listed in this form to BridleWood Signature Required, via Shipped Fresh cooled semen. The mare owner will pay a stallion service fee in the amount of \$800 (\$700 for returning customers), which includes the booking fee. The stallion service fee is payable with this contract.

This agreement is subject to the following conditions: The stallion service fee must be paid in full, and all shipping fees must be paid prior to any semen being shipped. All Collection charges for two heat cycles are included in the Stud Fee (Shipping fees not included). If the mare fails to vet-check in foal after the second heat cycle shipped on, BridleWood Welsh / Goldtree Ranch reserves the right to request a reproductive soundness exam be performed by a licensed veterinarian and/or a clean culture be provided from said mare. If the mare owner does not wish to comply with the request, an alternate mare may be substituted at that time, or the mare owner can elect to pay for further collections on the original mare at the value of \$150 per collection in addition to all shipping fees. If a new mare is substituted, the provided collections with the contract start over allowing for free collections through 2 breeding cycles (Shipping fees not included).

Semen will only be shipped via FedEx Monday – Friday. All fees MUST be paid before any collections take place without exception. Any / all payments may be made via Venmo to @Katie-Kopensky.

Live Foal guarantee: If the mare fails to conceive during the first breeding season, the Mare Owner may breed the same mare in the following years. If a mare fails to conceive, a different mare may be substituted. Once a mare conceives, if the resulting foal is stillborn or dies before 30 days of age, the mare owner may return the same mare or a different mare to be rebred. This guarantee will apply only if notification of the foal's death is made to BridleWood Welsh within 48 hours of the foal's death. Statements by a licensed veterinarian of the details of the foal's death must follow within 10 days (if requested) or the Live Foal Guarantee becomes null and void. The live foal guarantee is expressly contingent upon the mare owner properly caring for the pregnant mare. Proper care shall include, but shall not necessarily be limited to, proper feeding and nutrition, regular deworming with products approved for pregnant mares, vaccinations that are customary in the mare owner's geographical area, and proper intervention during foaling if necessary.

A breeding certificate for registration with the WPCSA will be issued by the Stallion Owner in conjunction with the filing of the Stallion Service Report at the conclusion of the breeding season if all fees have been paid by the mare owner outlined in this contract, resulting in automatic registration eligibility. You will need to enter "BridleWood Signature Required" as the name of the sire and "B52933" as his registration number in addition to the info needed on the mare and the resulting foal being registered. To register the resulting foal, please visit www.wpcsa.org. It is our goal to make all processes as easy as possible for all our mare owners. Unless we otherwise advise you, please expect your resulting foal to be automatically eligible for registration with WPCSA without any further action needed other than completing the Registration Application and fulfilling the steps required from you only in the registration process.

The Mare Owner understands that the stallion will not be available during shows. All unavailable dates will be posted on our Collection Calendar (<https://bridlewoodwelsh.com/calendar/>) The stallion is otherwise guaranteed to be available for breeding, barring any unforeseeable circumstance, only if the Mare Owner or his/her agent notifies the Stallion Owner no later than 5:00 pm (Pacific time) the day before the date when a semen specimen is required to be collected and shipped. Every effort will be made to ship two breeding doses per shipment, but BridleWood Welsh / Goldtree Ranch only guarantees one dose per requested shipment. If a second dose is required by the Mare Owner, it is the responsibility of the Mare Owner to order a second shipment and all fees apply. For the purpose of this contract, the term "breeding season" shall be defined as the period from February 1 to July 1, at which time guaranteed stallion availability will be discontinued until the following season. Shipments may be made after July 1st upon request but will be subject to our availability at the time. Reference the Calendar listed above for availability.

This contract is not assignable or transferable without written consent. When the mare owner signs and submits this contract (and it is accepted by Megan Burtness, BridleWood Welsh / Katie Kopensky, Goldtree Ranch), it becomes a binding contract on all parties, subject to the above terms and conditions. The mare owner irrevocably agrees that his/her sole recourse against BridleWood Welsh / Goldtree Ranch, with respect to the performance or non-performance of this contract, is return of the stallion service fee, less the booking fee of \$300. Stallion services fees are not refunded unless the stallion dies or becomes unfit for service. In that eventuality, the mare owner may choose a refund of the service fee or choose a breeding to another stallion owned by BridleWood Welsh / Goldtree Ranch. The terms of this contract shall be governed by the laws of the State of California.
